

Alabama Geological Society Guidebooks

GB #	Year	Title	Qty	Price	Total
1	1964	Pottsville Formation in Blount and Jefferson counties, Alabama; Apr. 1964			
2	1964	Alabama Piedmont Geology; Dec. 1964			
3	1965	Structural development of the southernmost Appalachians; Dec. 1965			
3a	1965	Russellville brown iron ore district: Road log for field trip in connection with Alabama Academy of Science, Florence, Alabama; Apr. 1965			
4	1966	Facies changes in the Alabama Tertiary; Dec. 1966			
5	1967	A field guide to Mississippian sediments in northern Alabama and south-central Tennessee; Dec. 1967			
5b	1967	Geology of the Coastal Plain of Alabama; Geo. Soc. Am. Annual Meeting Field trip, Nov. 1967			
5c	1967	A field guide to Carboniferous detrital rocks in northern Alabama; Coal Division, Geological Society of America, 1967			
6	1968	Facies changes in the Selma Group in central and eastern Alabama; Dec. 1968			
6a	1968	Cretaceous and Tertiary exposures in west-central Alabama; GCAGS, Oct. 1968			
7	1969	The Appalachian structural front in Alabama; 1969			
8	1970	Geology of the Brevard fault zone and related rocks of the inner Piedmont of Alabama; 1970			
9	1971	The Middle and Upper Ordovician of the Alabama Appalachians; 1971			
10	1972	Recent sedimentation along the Alabama coast; Dec. 1972			
10a	1972	Guide to Alabama geology: Guidebook for field trips, 21st annual meeting, Southeastern Section, The Geological Society of America; 1972			
11	1973	Talladega metamorphic front; Dec. 1973			
12	1974	The Coosa deformed belt in the Alabama Appalachians; Dec. 1974			
13	1975	Geologic profiles of the northern Alabama Piedmont; Dec. 1975			
14	1976	Cretaceous and Tertiary faults in SW Alabama; Nov. 1976			
15	1977	Cambrian and Devonian stratigraphic problems of eastern Alabama; Nov. 1977			
16	1978	Stratigraphy and structure of the Birmingham area, Jefferson Co., Alabama; Nov. 1978			

GB #	Year	Title	Qty	Price	Total
17	1979	Hillabee metavolcanic complex and associated rock sequences; Nov. 1979			
17a	1980	SE Geological Society America, Field trips, Mar. 1980; Facies changes and paleogeographic interpretations Eutaw Fm. in western Ga, and central Alabama; Depositional setting Hartselle Ss. and Bangor Ls. in NW Alabama; Pleistocene vertebrate assemblage Little Bear Cave, Colbert Co., Alabama; 1980			
17b	1980	Geology of the Pine Mountain window and adjacent terranes in the Piedmont Province of Alabama and Georgia, SE Section Geological Society of America, Mar. 1980			
18	1981	Contrasts in tectonic style between the Inner Piedmont terrane and the Pine Mountain window; Dec. 1981			
19	1982	Depositional setting of the Pottsville Formation in the Black Warrior Basin; Nov. 1982			
19a	1982	Appalachian thrust belt in Alabama: Tectonics and sedimentation; Geo. Soc. Am. Annual, Oct. 1982			
20	1983	Current studies of Cretaceous formations in eastern Alabama and Columbus, Ga.; Nov. 1983			
21	1984	Appalachian thrust belt in Alabama; Oct. 1984			
22	1985	Early evolution of App. miogeocline; Up. Precambrian-L. Paleozoic stratigraphy Talladega slate belt; Nov. 1985			
23	1986	Depositional history of the Middle Ordovician of the Alabama Appalachians; Nov. 1986			
24	1987	The granites of Alabama; Nov. 1987			
25	1988	Structure of the Wills Valley anticline--Lookout Mtn. syncline between Rising Fawn and Anniston CSD's, northeastern Alabama; Nov, 1988			
26	1989	Upper Cretaceous and Tertiary lithostratigraphy and biostratigraphy of west-central Alabama; Oct. 1989			
26a	1990	Hazardous waste disposal in the Upper Cretaceous Selma Group; SE Geo. Soc. Am., Apr. 1990			
27	1990	Tectonometamorphic evolution of Alabama's Inner Piedmont and its borders; Dec. 1990			
28	1991	Mississippian-Pennsylvanian tectonic history of the Cahaba synclinorium; Nov. 1991			
29	1992	Paleogene unconformity-bounded depositional sequences of SW Alabama: Lithofacies, systems tracts, and sequence boundaries; Oct. 1992			
30	1993	New perspectives on the Mississippian System of Alabama; Nov. 1993			
31	1994	Harpersville transverse zone in the Appalachian thrust belt; Nov. 1994			

GB #	Year	Title	Qty	Price	Total
32	1995	Timing and tectonic mechanisms of the Alleghanian Orogeny, Alabama Piedmont; Oct. 95			
33	1996	Coastal deposition and ecosystems of Alabama; June 1996			
34	1997	Geology of the Coosa coalfield; Dec. 1997			
34a	1997	Industrial minerals and rocks of NE Alabama; SE Geo. Soc. Am., Mar. 1997			
34b	1997	Comparison of the Pine Mtn. block basement-cover sequence with the Lower Cambrian clastic-carbonate sequence of the Talladega slate belt, SE Geo. Soc. Am., Mar. 1997			
34c	1997	The Wetumpka impact structure and related features; SE Geo. Soc. Am., Mar. 1997			
35	1998	Sequence Stratigraphy and Biostratigraphy of Upper Cretaceous Strata of the Alabama Coastal Plain; Oct. 1998			
36	1999	Geology of the Cahaba Coalfield; Oct. 1999			
36a	1999	Carbonate rock at work: The cement and lime manufacturing process at the Blue Circle Cement and Lime plant; 1999			
37	2000	The Conasauga Formation and equivalent units in the Appalachian thrust belt in Alabama; Nov. 2000			
38	2001	Comparison of the Pine Mtn. basement-cover sequence with the Lower Cambrian to Lower Ordovician clastic-carbonate sequence of the Talladega slate belt; Dec. 2001			
39	2002	The geology, mining methods, and processing of selected industrial minerals in northeastern Alabama; Dec. 2002			
40	2003	Post-Knox Group, pre-Pottsville Formation stratigraphy of the Helena thrust sheet and the Coosa deformed belt, St. Clair, Calhoun, and Talladega Counties, Alabama; Dec. 2003			
40a	2003	Geology and operation at National Cement Company's Ragland quarry; Alabama Geological Society Workshop, Feb. 2003			
41	2004	Geology and Hydrology of the Alabama Gulf Coast; Nov. 2004			
41a	2004	The Cretaceous geology of west-central Alabama and fossils of the Bluffport Marl, student guide 2004			
42	2005	New Perspectives on Southernmost Appalachian Terranes, Alabama and Georgia, Dec. 2005			
42a	2005	The Coker Formation of the Tuscaloosa Group in the Cottondale 7.5- minute quadrangle, Tuscaloosa County, Alabama; Alabama Geological Society Workshop, Mar. 2005			
42b	2005	Southernmost Appalachian Terranes, Alabama and Georgia; Southeastern Section Geological Society of America, 2005			
43	2006	Birmingham Ironstone; Sequences, Deposition & Mining History; Dec. 2006			

GB #	Year	Title	Qty	Price	Total
44	2007	Locating, Permitting, and Operation of Construction Aggregate Mining Operations in Alabama, Dec. 2007			
45	2008	Alternative interpretations of the Talladega slate belt, Alabama and Georgia, Dec. 2008			
46	2009	Emplacement of gold deposits in the Eastern Blue Ridge and Brevard Zone, Alabama Piedmont, Dec. 2009			
47	2010	Sequence Stratigraphy, Biostratigraphy, and Chronostratigraphy of Paleogene Strata, Southwest Alabama, Oct. 2010			
48	2011	Mushwads and Mayhem: Disharmonically Deformed Shale in the Appalachian Thrust Belt, Dec. 2011			
49	2012	The Talladega Slate Belt and Eastern Blue Ridge: Laurentian Plate Passive Margin to Back-Arc Basin Tectonics in the Southern Appalachian Orogen, Dec. 2012			
49A	2012	Core Workshop: Cambrian Conasauga Formation, Alabama, Nov. 2012			
50	2013	50 Years of Alabama Geology From the Gulf Coastal Plain to the Appalachian Plateau, Dec. 2013			
51	2014	Stratigraphy and Depositional Systems in the Mississippian Strata of the Appalachian Plateau, Northwest; Dec. 2014			
52	2015	Neocadian and Alleghanian Intrusion, Metamorphism, and Gold Mineralization in the Eastern Blue Ridge; Dec. 2015			
53	2016	Geology of the Indian Mountain, Rock Run, and Borden Springs Area, Georgia and Alabama; Dec. 2016			
54	2017	The Anniston Transverse Zone in the Appalachian Thrust Belt; Nov. 2017
